Air-Lock™ Truck Dunnage Bags

Do The Job in 1/2 the Time – With 1/2 the Effort.

Centerline Loading

Side-to-Side Bracing

Front-to-Rear Bracing

ADVANTAGES

- See-thru bag inflates in less than 30 seconds.
- 75% reduction in shipping, handling and storage costs.
- Proprietary re-enterable valve allows for easy positioning in trailer.
- Robust polymer adheres to stretch film pallets.
- Ideal replacement for more costly paper bags.
- Proprietary lightweight air probe works with any house air system.
- See-thru bag allows quick, visual security inspection.
- Provides safe, firm cushioning up to 18 inches wide between skids.
- Polymer structure eliminates moisture/odor absorption.
- Ships 600/1200 bags per pallet.
- Courier Paks available – 50 bags.
- Product qualifies as a #4 for recycling (same as stretch film).
